

The Bolivar Village Council met in regular session on Thursday May 30, 2013. Mayor Hubble called the meeting to order. The purpose of the meeting is for the second reading of Ordinance O-67-2013 An Ordinance approving the application of the Massillon Materials, Inc. to rezone his property and for the conditional use of sand and gravel mining. Mayor Hubble said because of the fiasco at the last public meeting, if Mayor Hubble must tap her gavel for order more than one time, the person causing the uproar will be escorted out of the room. The Pledge of Allegiance was said.

App, Lloyd, Slutz, Mariani, and Haueter were in attendance. Vincent was absent. There was quite a bit of people speaking out of turn at the last meeting and causing a disruption while others were speaking. Because of this, no one in the audience will be allowed to speak at this meeting. (There were gasps from the audience.) According to the Sunshine Law, it is a privilege and honor to speak.

Ordinance O-72-2013 was read An ordinance providing for the rezoning of 181.273 acres of real property recently annexed into the Village of Bolivar; establishing an emergency. Haueter moved-seconded by Slutz to suspend the three reading rule to pass this as an emergency measure. In a roll call vote, all members present voted yes. Haueter moved-seconded by Lloyd to adopt this ordinance as an emergency measure. In a roll call vote, all members present voted yes.

At this time Dick Harvey stood up and started to say that this is American, this is not right. Mayor Hubble said the ordinance has passed and we will adjourn the meeting. Harvey continued his outburst during this time. Mariani moved-seconded by Lloyd to adjourn the meeting. Harvey asked why they would try to do anything legal at this point since they haven't been. In a roll call vote, all members voted yes. The meeting adjourned at this time. Huth asked what Council was afraid of? The audience continued to cause a disruption even after the meeting was adjourned.

---

Mayor Rebecca S. Hubble
